
Jewellery Club: Focusing on Finishes | Term Two, 2024

Jewellery Club is characterised by experimentation and diversity. This term the focus will be on finishing your jewellery. This covers surface finishes, resolving findings and, of course, simply finishing projects that may have been sitting around for a while!

Each week your tutor will throw in a little Jewellery Club suggestion, to ignite your creativity.

You will be encouraged to show your work and seek opinions and ideas from your peers, and to offer support to your peers in return.

Tutor demonstrations as necessary.

Intermediate-advanced students only. Preference given to people wishing to enrol in both Monday and Tuesday classes.

Content

- * You will have the opportunity to experiment with finishing techniques and relate these to your design ideas
- * Group discussion sessions, bouncing ideas off each other
- * Self-directed learning, with tutor input for demonstrations
- * Feedback sessions to assist problem-solving skills

Objectives

- * Develop problem-solving skills
- * Experiment with techniques and fabrication ideas
- * Broaden your metalworking skills and learn to consider the implications of design decisions
- * Gain confidence in your material and technical choices

Outcomes

- * Develop your creative processes to resolve designs
- * Gain confidence with using the material/s, themes and techniques you wish to use
- * Experiment with traditional and non-traditional jewellery-making techniques
- * Creativity projects you will be able to work towards include, but are not limited to: Level 4 - CP1 Investigate, CP2 Present, CP3 Examine, CP4 Explore Level 5 - CP1 Challenge, CP2 Synthesise, CP3 Apply, CP4 Identify Patterns Level 6 - CP1 Initiate, CP2 Analyse Patterns, CP3 Present
