
Investigate and Explore through Printmaking | Term One, 2023

Investigate and explore your creativity through an open-ended approach to printmaking. Expert tutor Marci Tackett will help you to pursue your own goals and get the most out of the various disciplines within printmaking. Mix drawing and painting with your printmaking if you wish! Challenge yourself to try new processes, synthesise disciplines and forge an original path. Possible techniques to learn include screen printing, woodcut, etching, collagraph and plate lithography. You can also learn to create books to either bind your existing work or make new stories. Suitable for enthusiastic, independent beginners, intermediate and advanced students.

Content

- * A focus will be on individual creative problem-solving interspersed with applicable demonstrations
- * Individual consultation regarding goals and projects in print
- * Group interaction and mini-feedback sessions at your request

Objectives

- * Learn about options for re-envisioning existing 2D works with an expansive view
- * Learn about various printmaking and/or bookbinding techniques
- * Complete a project
