
TERM 2 2023: Break All the Rules with Paper Clay (26-30 June) | Term Two, 2023

Paper clay allows us to push the limits and possibilities of clay as an expressive material.

Do things you can't usually do with clay. Push the boundaries, bend the rules...or break them! Explore a variety of construction techniques. Extend your initial experiments into projects using your preferred ways of working.

Make small to medium-sized sculptural work and functional vessel forms which will be completed to the bisque fired stage once dry.

Suitable for beginners and those students with some previous experience of working with clay.
