
TERM 2: Create Your Own Findings (1-5 May) | Term Two, 2023

Findings are the clasps, hooks and other attachments on jewellery. Jewellery makers often fall back on using pre-manufactured findings, but this class will give you the confidence to make everything yourself, making your jewellery completely and uniquely yours.

Learn to incorporate findings into your designs, and find the best methods to connect, hang, close and secure your jewellery pieces.

Suitable for all students with basic jewellery skills.

Content

Students will be given opportunities to design and make different types of findings, either as test pieces or for specific work.

Learn about weight, balance, and how best to complement and refine your jewellery design.

The focus is on experimentation and samples rather than completed pieces of jewellery.

Objectives

- Explore and research different types of findings
- Make experimental sample pieces to inform future works
- Gain an understanding of the design guidelines of successful findings

Outcomes

You will come away from this class with a range of practical ideas and skills, allowing you to fully create your jewellery.

Creativity Projects you will be able to work towards include, but are not limited to: Level 4 - CP1 Investigate, CP3 Examine, CP4 Explore Level 5 - CP1 Challenge, CP3 Apply, CP4 Identify

Class Type: Block Week

Tutor: Belinda Hager

Every Block Week One (-)

9:30am - 4:30pm

Materials cost: \$10 class fee

Casual Students: \$450.00 + material

T2.08 Jewellery

11 (Max number of students)
